CAREER OBJECTIVE

Motivated and dedicated Computer Science student seeking an internship opportunity in a dynamic organization. Eager to apply knowledge of Data Analytics, SQL, web development and Networking to contribute to technical support, data management, or client-facing roles, while gaining valuable real-world experience.

Enthusiastic Data Intelligence professional seeking to gain expertise in data analytics, ETL processes and API integrations. Aiming to build strong skills in designing and maintaining scalable data solutions, ensuring data integrity, and optimizing reporting to support effective business decision-making.

PROJECTS

Vocal Ai- AI Integrated interview platform, *Tech Stack: Vapi Ai ,Google Gemini APIs, JDBC.*

A desktop application integrated with Vapi AI and Google Gemini APIs that allows users to conduct real-time mock interviews and receive accurate, immediate feedback. The system evaluates the candidate's responses, highlights strengths and weaknesses, and provides actionable tips to improve overall interview performance.

EduRoot-Raspberry pi based technology,, *An innovative technology built during Ideathon 2025*

A Raspberry Pi-based technology designed to provide education in remote areas of the world where internet connectivity and modern digital resources are limited. Using EduRoot, students can access high-quality teaching materials supported by a locally hosted, limited-access integrated AI system—enabling real learning without the need for constant internet availability.

JobDone- web application for job seeker and recruiters:, *Tech Stack: Tailwind, Mongo DB, Gemini APIs*

JobDone is a web application that allows users to search for jobs based on their qualifications and enables recruiters to find reliable candidates. The platform uses AI-based verification to detect and remove fake users, ensuring a trustworthy and secure hiring environment.

TECHNOLOGY SKILLS

Programming language — Basics of C# | Python | Javascript

Database — SQL | Mongo DB

Networking — Basic understanding of protocols and troubleshooting.

Web Technologies — HTML | Cascading Style Sheets (CSS) | PHP | JDBC | React .js

Tools — MS Excel | MS PowerApps | MS powerAutomate | Git

SOFT SKILLS

Strong verbal and written communication • Team collaboration and leadership • Quick learning and adaptability • Critical thinking and problem-solving • Time management and multitasking

CERTIFICATES

Oracle Cloud Infrastructure 2025 Certified AI Foundation Associate [🔗](#)

UniAthena-Basics of Data Science (CR1061) [🔗](#)

MS Foundational C# [🔗](#)

EDUCATION

Bachelor in engineering of Computer Engineering,
Terna engineering college, University of Mumbai

2023 – Present | Mumbai

INTERESTS

Data Analytics. • ETL Processes • ERP Integrations • API Automation • Cloud Computing • AI-based Learning Tools
